

JetSupport provides technical services and support for business aviation and special mission aircraft. We focus on flexibility, transparency and a personal touch. We continuously improve our operations in order to meet and exceed the needs of our customers. Our technical services are customized for the most popular business aviation aircraft types. Our customers' value maximum aircraft availability which we provide by conducting preventive and corrective maintenance. We also facilitate special projects, ranging from small modifications up to complete avionics retrofits. Our service centre operates 7 days a week in two shifts ranging from 07:00-23:00.

JetSupport is now looking for a motivated, dynamic and experienced:

Continuing Airworthiness Manager (fulltime)

Your challenges in this position:

- On daily basis ensure that continuing airworthiness management is carried out in accordance with design and quality standards as specified in Part-M and with customers' requirements.
- Organize development, amendment and approval of Aircraft Maintenance Programs.
- Thorough understanding of airline systems and maintenance operations.
- Good communicator with all stakeholders, regulatory authorities, OEM's, ed.
- Advanced ability to problem-solve and react positively to all types of difficult situations.
- Strive for the highest levels of safety and airworthiness

What can make you a JetSupporter?

- Graduated from a higher (HBO) education, preferably in aviation.
- 5 years of experience in any technical aviation sector of which minimum 2 years must be in a continuing airworthiness environment.
- In-depth knowledge of relevant rules, regulations and company procedures.
- Familiar with quality and safety management systems.
- Substantive technical aircraft knowledge, including use of aircraft documentation, software and development of maintenance programs.
- You are proactive and take initiative and have the customer in mind at everything you do.
- Ability to work independently and as part of an (international) team.
- Dutch and English both verbal and in writing.
- A background and experience in a similar position is strongly preferred.
- Formal acceptance by submitting the EASA Form-4

This is what we are offering you.

To work in a motivated team of approximately 70 enthusiastic colleagues. To grow professionally as well as to help in growing our business, we value freedom and responsibility and empower employees to make the right decisions. JetSupport is part of the Metal Industries' CAO and offers 27 days of leave and an additional 13 'ATV' days. You will share in our profit through our annual profit sharing arrangement. Naturally we offer a competitive salary.

If you are interested and meet the requirements above, then please send your CV and motivation by e-mail to hrm@jetsupport.nl. Would you like to know more?

Dear recruiters. Acquisition to this vacancy is really not appreciated!
